STC/PMA installations currently available:

American Champion (included at no charge with harness purchase) N/C

Covers 7 and 8 series aircraft (Champ, Citabria, Decathlon and Scout)

Cessna fixed shoulder harness kit (per seat) \$225.00

(Includes new double adjustable seat belt, shoulder harness, installation kit with necessary hardware, brackets and the STC paperwork). Currently covers installation in Cessna models 120, 140, 140A, 150, 152, 170, 172, 175, 180, 182 (except R182 and TR 182), 185, 205, 206, and 210 (through F model). Installation does not require drilling holes in the external skin or the removal of the wings. Installation is accomplished from within the airplane. Installation time usually runs 60-90 minutes with the headliner removed.

Prices include customer choice of colors (*as available*) on harness, pad and trim on pad. Mix or match, no extra charge for colors. Configured to fit *your* airplane. Prices subject to change without notice, all orders prepaid or COD. If prepaid (cash or check), Hooker Custom Harness will pay ground shipping within the continental US.

Illinois residents add 7.25% sales tax.

Hooker Custom Harness guarantees our system to fit, if there is a dimensional problem it will be fixed by us at no charge. Sorry, but we cannot make color changes at no charge.

No returns accepted without prior authorization. Restocking fee may be applied on any returns (not due to Hooker Harness fault). Certain items may not be eligible for return.
